MATERIAL SAFETY DATA SHEET

I. Product Definition

All materials are processed under conditions complying with the FDA Good Manufacturing Practices, CFR 121, Part 110.

II. MSDS

These products do not require MSDS sheets because they do not appear on any of the hazard lists and are “foods” labeled under the FDA and specifically exempted from hazardous labeling. The OSHA Communication Standard identifies four lists, for chemicals that are deemed hazardous:

1. OSHA’S health standard appearing in CFR 29 Part 1910, Sub-part Z.
2. The latest edition of the American Conference of Governmental Industrial Hygienists publication, “Threshold Limit Values for Chemical Substances and Physical Agents in the Work Environment.”
3. The latest edition of the Annual Report of the National Toxicology Program.
4. The latest edition of Monographs published by the Industrial Agency for Research on Cancer.

Even though these products are not hazardous the following precaution should be observed when using these products. Some people can develop an allergy to a specific food and our products are no exception.

III. NATURAL MATERIALS

Our suppliers certify that these products are qualified as an additive or an ingredient for human consumption. These products are obtained exclusively from natural raw materials, through extraction, distillation or any other physical process. The products resulting from a fermentation or an enzymatic treatment are also considered as natural. We declare that no aromatic substance (synthetic or artificial) was added to these Fruit Juice Concentrates. To our knowledge, no additive of this kind was added to the raw materials used for elaboration of this product before they reach our control.

IV. KOSHER (Proof of Certification is supplied upon request)

V. Without guarantee: The information supplied here is to the best of our knowledge, true and accurate, but since the conditions of use are beyond our control, no warranty is given or is to be implied with respect to any recommendations or suggestions which may be made or that any use will not infringe any patent.
